

## **CPF Alberta COVID EVENT Policy**

Due to the ever-evolving COVID-19 pandemic and the steps that the Government of Alberta has laid out, CPF Alberta will be adopting the following for the upcoming events:

- As we will be unable to verify if participants have their vaccines, we are strongly recommending that all participants have the appropriate number of vaccines recommended by Alberta Health Services. (<https://www.albertahealthservices.ca/topics/Page17389.aspx> )
- While at all CPF Alberta sponsored activities, we strongly encourage all participants to wear masks while indoors and in group transportation. Extra masks are available from CPF staff.
- While many of the youth activities are outdoors, it is recommended that all youth have at least one (1) mask with them to put on while indoors should they choose to do so or should you as parents direct them to do so. Staff will carry extra masks with them.
- Practice good hygiene! practicing good hygiene habits can protect you and those around you from spreading COVID-19 and other respiratory illnesses.
  - Wash or sanitize your hands often. Hand sanitizing stations will be set up at all of our activities. Staff working with your children will carry hand sanitizer with them and all youth participants will be taken to wash their hands prior to eating.
  - Cover your coughs and sneezes.
  - Avoid touching your face.
  - Stay in your room, trailer, tent etc if you are feeling sick. If this occurs while you are at the event, please let either Michael or other CPF Alberta staff know and we will assist and support you in whatever way we can.
- All CPF staff are fully vaccinated.
- Should you have any questions, please reach out to Michael Tryon, CPF Alberta's Executive Director, who will be attending the entire event.
- Have a great and safe weekend!
