

**Wednesday August 4th at 5:30 pm MDT**  
**Project: Cardboard Sandcastle**

**Materials:**

- Cardboard (Toilet paper rolls, boxes, basically any recyclable cardboard).
- Paper Carton Sheets (optional).
- Scissors
- Paint-pens (optional)
- Glue

◆ **Note:** For this project, I will be using a hot glue gun. In my experience, hot glue yields the best results and is much less messy. As a result, I strongly advise parent supervision/participation for younger artists. However, if a glue gun is not an option, tape or another sturdy type of glue can be used.
